Product highlights

Nickel-plated connectors

Nickel-plated connectors establish a clean contact between the cable and connector for a reliable connection.

High purity copper

This copper conductor provides high accuracy in signal transfer with minimal resistance.

Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Molded plug

Molded plugs ensure secure connections between components and offer extended durability.

Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Rubber strain relief

Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.

On a hang tab

Products on a hang tab use minimal packaging materials and offer alternate display options.
